TIM ANDERSON

Dairyland Power Cooperative

Tim is the manager of IT Security for Dairyland Power Cooperative. He is the leader of cyber security efforts for all areas of technology at Dairyland, a responsibility which applies to all business systems, telecommunications, and electric grid operations.

Tim's previous responsibilities in operations control systems span 30 years of information technology management and support for Dairyland Power

Cooperative's System Operations Center.

Tim holds a Bachelors degree in computer science from the University of Minnesota College of Science and Engineering. He is a member of the Midwest Reliability Organization's Security Advisory Council.
